

**LUWG Meeting
April 21, 2003**

**Existing Land Use Types
within the Oroville Project Study Area**

URBAN – DEVELOPED

- **Residential**
 - Single and multi-family residential.
- **DWR Project Facilities**
 - DWR managed lands that are related to Project operations.
- **Industrial/Commercial**
 - Non DWR lands - industrial, gravel mines, commercial, etc.
- **Other Urban**
 - Urban areas that did re-classified into the categories above. Includes roads, public/government building, shooting ranges, storage facilities, etc.

RURAL

- **Rural Residential**
 - Isolated residences in rural areas.
- **Agricultural**
 - Includes orchards, fields and pasture, row crops, rice, vineyards.

CONSERVATION

- Includes and distinguishes between:
 - USFS managed lands
 - DFG managed lands
 - BLM managed lands

RECREATION

- **Concentrated Recreation**
 - Concentrated areas of developed recreation (DPR managed lands).
- **Passive Recreation**
 - Lands managed by DPR that are not concentrated areas of developed recreation (these areas also have habitat value).

UNDEVELOPED

- Includes areas that are undeveloped, largely undisturbed and are located outside of urban areas.

OTHER

- Includes areas that have been disturbed (e.g., gravel tailings), have little habitat value, and/or contain extensive areas of rock.

RESERVOIR – OPEN WATER

- Includes areas of open water such as the reservoir and other bodies of water.
